ITEC Asia-Pacific is part of the global IEEE ITEC conference series which aims to provide a forum for sharing knowledge, experience, and ideas in electrical technologies for transportation. Technical sessions, tutorials, exhibitors, and industry activities are planned. This international conference is co-sponsored by the IEEE Industry Applications Society, the IEEE Power Electronics Society, the IEEE Power and Energy Society, and the IEEE Transportation Electrification Community.

Technical papers *accepted and presented* at the conference will be submitted for inclusion into IEEE Xplore subject to meeting IEEE Xplore's scope and quality requirements. **All** (100%) the *accepted and presented* papers will be eligible for further review for the possible publication in one of the IAS periodicals (IEEE Transactions on Industry Applications and IEEE Industry Applications Magazine) and other IEEE journals, subject to the conference paper submission rules of each journal.
