

Final Call for Papers

Late Breaking Research Publications

SUBMISSION DEADLINE **AUGUST 27TH 2023**

IEEE Society Sponsors

Chiang Mai - Thailand | Nov 28 – Dec 1, 2023

POTENTIAL *RECENT ADVANCES* TOPIC AREAS FOR *ELECTROMOBILITY TECHNOLOGIES AND ELECTRIFICATION* INCLUDED BUT ARE NOT LIMITED TO:

- Electric Motor Drives
- Power Converters - Control and Topology
- Power Electronics Based Grid Integration
- Power Electronics with New Energy
- Wide-Band Gap Devices and Electrical Systems
- Charger Technologies and Infrastructure
- Batteries and Energy Storage Systems
- EMI Issues in Power Electronics Systems

Submission Guideline

Authors are requested to follow the specific camera-ready two-page paper template. References are excluded from the two-page limit. The review decision would be either accept or reject the manuscript. No revision or modification would be allowed for post-submission.

Important Details

The accept papers will be featured as poster presentation and made available in the conference proceedings on IEEE Xplore. All proposals should be submitted via ITEC-AP 2023 website under "Call for Late Breaking Research Publications"
